

HOW TO READ YOUR BILL

As you read your Talk America Services bill, you will notice that the level of detail increases as you move from one section to the next.

The first page of your bill is the account summary and payment stub. You can quickly see the most important billing and payment information on the first page. To pay your bill, tear off the payment stub and return it with your payment or use one of the other payment options listed on the first page. Talk America Services offers many convenient payment options. Your bill will provide payment information so you can select the method that is most convenient for you.

The second page of your bill provides general information about your bill. You will also find a form to change your address or provide comments back to Talk America Services.

The third page of your bill, and any page beyond the third, provides the most detail. All your monthly service charges are shown, as well as taxes, surcharges, fees and long distance charges.
